

Did You Know . . .

- ◆ Concealed Carry permit holders are among the most law-abiding citizens in the nation?
- ◆ CCW holders must undergo an extensive background check with the police department and the FBI?
- ◆ CCW holders are less likely to be arrested for a crime than a law enforcement officer?
- ◆ Many, not all, CCW holders spend more time practicing with their weapon than law enforcement officers.
- ◆ That only law-abiding citizens will honor your sign? Criminals will ignore it. Your sign assures the criminal that he/she is safe in your store if they decide to commit a crime.

Those of us who have gone through the tedious process of obtaining a permit to carry a concealed weapon have no desire to jeopardize that right. So I will honor your sign.

But think about this: If you ever find yourself in the unfortunate situation of facing someone who intends to do you and/or your customers harm and rob your store, you may wish for a law-abiding citizen who just happens to have the ability to help you in this situation. I hope you will consider removing your sign. Until then . . .
